DÉBORA GARCIA ESCUDERO

Front-End Developer

Barcelona, Spain deboragarciaescudero@gmail.com +34 639 782 182 **Portfolio** **GitHub** **LinkedIn**

PROFESSIONAL SUMMARY

Front-End Developer specialized in React and TypeScript, passionate about building clean, responsive and user-focused interfaces. I enjoy creating reusable components, improving user experience and delivering intuitive solutions. Motivated, proactive and constantly learning, I thrive in Agile teams where communication, ownership and continuous improvement drive the product forward.

TECHNICAL SKILLS

Front-End	React, Next.js, TypeScript, JavaScript (ES6+), HTML, CSS, TailwindCSS
Back-End	Node.js, Express, REST API, JWT
Database & Cloud	MongoDB, MongoDB Atlas, AWS S3
Tools & Practices	Git, GitHub, Agile/Scrum, TDD, Testing (Mocha/Chai), Zod
Design	Figma, Canva

PROJECTS

Routeen — Workout Manager MVP
React, TypeScript, Tailwind, Zod

- **Led the front-end**, building the component architecture and creating **10+ reusable, customizable components**.
- Implemented schema-based form validation with **Zod**.
- Collaborated with PM, UX and Backend to define requirements, optimize user flows and maintain a scalable, maintainable front-end structure.

Crewland — Festival Planner MVP
Next.js, React, TypeScript

- Developed features and navigation using Next.js routing, dynamic pages and custom hooks.
- Implemented React Context and reusable components; handled data fetching with loading/error states.

LevelUp — Fitness App
React, TypeScript, Tailwind, Node, Express, MongoDB, AWS S3

- Full-stack development with authentication, workout tracking and AWS S3 media storage.
- Implemented TDD with Mocha/Chai, achieving **96.2% API statements coverage** and ensuring reliable backend integration.

KoalaKare — Bootcamp project
JavaScript, DOM, React, CSS, Tailwind

- Rebuilt from a vanilla ES5/ES6 DOM prototype to a React app with reusable components and Tailwind for a responsive, maintainable UI.

EXPERIENCE

Front-End Developer — Igrowker   Nov 2024 — May 2025

- Built two MVPs — **Crewland** (Next.js/React) and **Routeen** (MERN) — in a collaborative team environment simulating real-world workflows.
- Worked with **Agile practices** (daily stand-ups, sprint reviews, retrospectives) and **GitHub Projects** for task management and delivery.
- Delivered front-end features via GitHub workflow (branches, PR reviews, code standards).

Career Break — Relocation and Reskilling   2021 — 2022
R&D Laboratory Analyst — Reig Jofre   2015 — 2021

- Quality control and validation in an FDA/GMP/GLP-regulated environment, ensuring accuracy, compliance and rigorous documentation.

EDUCATION

- Full Stack Web Development — ISDI Coders (2024)
- JavaScript Fundamentals — IT Academy / CIFO (2023)
- BSc Biochemistry — Universitat Autònoma de Barcelona (2015–2020)
